STATEMENT OF OBJECTS AND REASONS

The Hindu Code as drafted by the Rau Committee was introduced in the Legislative Assembly in 1947 and was referred to a Select Committee of the Constituent Assembly of India (Legislative) on 9th April, 1948. The Select Committee submitted its report on the 29th August, 1948 and their revised draft was discussed at considerable length by the Provisional Parliament, but as the Bill could not be passed before the dissolution of Parliament it now stands lapsed.

2. As stated earlier by Government, the Code is now being split up into separate parts for the purpose of facilitating discussion and passage in Parliament, and the present Bill is the first of a series of such parts and deals with marriage and divorce. The earlier Bill has now been considerably revised, one significant change being the omission of all provisions relating to civil marriages, a subject dealt with in the Special Marriage Bill now pending before the Council of States. The notes on clauses explain the various provisions contained in the bill.

C.C.BISAS.

NOTE ON CLAUSES

Clauses 1.- The Bill, if passed, will apply to Hindus domiciled in India wherever they may be.

Clause 2.- At present, Hindu Law applies (i) to Hindus by birth, and also to Hindus by religion, that is to say, to converts and re-converts to Hinduism, (ii) to illegitimate children where both parents are Hindus, (iii) to illegitimate children where the mother is a Hindu and the children are brought up as Hindus. (iv) to Bramhos, Arya Samajists, Lingayats and to ~~persons~~ ^{persons} who may have deviated from orthodox standards of Hinduism in matters of diet and ceremonial observances and to every other person who may be regarded as a Hindu unless he can show some valid local, tribal or family custom to the contrary, and (v) to Jains, Sikhs and Budhists. Clause 2, in effect, seeks to codify the existing law.

Clause 3.- The expression "district court" has been so defined that jurisdiction in matters relating to divorce can be vested in any subordinate civil court.

The definitions of "prohibited degrees" and "sapinda relationship" are on the lines of the Rau Committee's Report. As has been pointed out by that Committee, the strict rule prohibiting marriages within the limits of sapinda relationship as defined in the Smritis (seven and five degrees) have been considerably relaxed by custom and the limits have therefore been reduced to five and three degrees, as is generally recognised now. A definition of "prohibited degrees" is also necessary because there is the greatest diversity among Hindus in different parts of India as to what are the prohibited degrees for marriage. The usual rule is that the parties should not be sapindas of each other. Not only, however, has the sapinda relationship been interpreted in different ways by different authors, but the rule itself has been subjected to modification by custom. Some kind of limit has, therefore, to be provided to prevent incestuous marriages, subject to judicially recognised customs or well-established customs which satisfy the requirements of the definition of that expression.

Clause 4 seeks to repeal all existing laws, whether in the shape of enactments or otherwise, which are inconsistent with this Bill.

Clause 5 prescribes the essential requisites for a Hindu marriage, sub-clause (i) of which introduces monogamy. Sub-clauses (iv) and (v) require that the parties should not be within the degrees of prohibited relationship or be sapindas of each other unless in either case there is a custom or usage modifying that rule.

Clause 6 ~~also~~ codifies the existing law relating to persons who may act as guardian in marriage, but the mother is now given a higher place immediately after the father.

Clause 7 leaves it to the parties to choose any form of marriage, but where the form adopted includes the saptapadi, the marriage becomes complete when the seventh step is taken. This is in accordance with the existing law.

Clause 8.- The question whether marriages should be registrable, whether ~~compulsorily~~ ^{compulsorily} or otherwise, is left to the discretion of the State Governments, but this clause ensures that omission to register a marriage will not render it invalid.

Clause 9 provides for restitution of conjugal ^uright-- a right which is recognised under the existing law.

Clause 10 deals with judicial separation and the rain consequences which flow from a decree for judicial separation. ~~A decree for judicial separation does not have the effect to terminating the marriage.~~

Clauses 11 and 12 deal with cases where a marriage is null and void and cases where a marriage is voidable at the option of either party to the marriage. Until so avoided a voidable marriage should be regarded as good for all purposes. Where a marriage is a bigamous marriage or contravenes the rule relating to prohibited degrees, the marriage is regarded as null and void from the very beginning. In other cases the marriage is rendered voidable at the option of the parties as in many other systems of law.

Clause 11 and 12 deal with cases where a marriage is null and void and cases where a marriage is voidable at the option of either party to the marriage. Until so avoided a voidable marriage should be regarded as good for all purposes. Where a marriage is a bigamous marriage or contravenes the rule relating to prohibited degrees, the marriage is regarded as null and void from the very beginning. In other cases the marriage is rendered voidable at the option of the parties as in many other systems of law.

Clause 13 specifies the grounds on which a decree for divorce may be obtained by either party to the marriage. In particular, a decree of divorce may be obtained if there is no reconciliation between the parties within a specified period after the passing of a decree for judicial separation or if a decree for restitution of conjugal rights is not complied with within a specified period.

Clause 14.- This clause, recognises the principle that where a marriage has been duly solemnized and is not void, it should not be open to any third party to question its validity.

ju

A change in religion is not inconsistent with the continuance of conjugal love and it should therefore not be permissible for a party to the marriage to get a divorce by changing his or her religion. The right to get a divorce under this law is therefore given to the party who continues to be a Hindu as in the proviso. A somewhat similar right is given to a person changing his religion for Christianity under the Converts Marriage Dissolution Act, 1866 under which a husband or wife who changes his or her religion for Christianity is entitled to sue the other party for restitution of conjugal rights if the other party deserts or repudiates him or her, and if after the petition the desertion is persisted in, the court may declare the marriage dissolved after following the prescribed procedure.

Clause 15.- This is based on a similar provision in section 2 of the Matrimonial Causes Act, 1950, and will ensure a fair trial being given to every marriage..

Clause 16 prescribes a time limit, as a matter of public policy, within which it shall not be lawful for divorced persons to re-marry. Similar provisions are to be found in section 57 of the Indian Divorce Act, 1869, and in section 14 of Bombay Act XXII of 1947.

Clause 17 will ensure the legitimacy of children in the case of invalid marriages as also in the case of void marriages entered into in good faith.

Clause 18 renders bigamy punishable.

Clause 19 to 28 deal with jurisdiction and procedure and are generally based on similar provisions in the Indian Divorce Act, 1869, and in Bombay Act XXII of 1947.

Clause 29 - This clause expressly saves, inter alia, customs and special enactment like the Madras Marumakkattayam Act (XXII of 1933) which provide for termination of Hindu marriages in any other manner. It is also provided that marriages solemnized under the special Marriage Act, 1872, are not affected by anything contained in this Bill.

.....

STATEMENT OF OBJECTS AND REASONS

The Hindu Code as drafted by the Rau Committee was introduced in the Legislative Assembly in 1947 and was referred to a Select Committee of the Constituent Assembly of India (Legislative) on 9th April, 1948. The Select Committee submitted its report on the 29th August, 1948 and their revised draft was discussed at considerable length by the Provisional Parliament, but as the Bill could not be passed before the dissolution of the Parliament it now stands lapsed.

2. As stated earlier by Government, the Code is now being split up into separate parts for the purpose of facilitating discussion and passage in Parliament, and the present Bill is the first of a series of such parts and deals with marriage and divorce. The earlier Bill has now been considerably revised, one significant change being the omission of all provisions relating to civil marriages, a subject dealt with in the Special Marriage Bill now pending before the Council of States. The notes on clauses explain the various provisions contained in the Bill.

C.C.BIS.12.

NOTE ON CLAUSES

Clause 1.- The Bill, if passed, will apply to Hindus domiciled in India wherever they may be.

Clause 2.- At present, Hindu Law applies (i) to Hindus by birth, and also to Hindus by religion, that is to say, to converts and re-converts to Hinduism, (ii) to illegitimate children where both parents are Hindus, (iii) to illegitimate children where the mother is a Hindu and the children are brought up as Hindus. (iv) to Bramhos, Arya Samajists, Lingayats and to ~~persons~~ ^{persons} who may have deviated from orthodox standards of Hinduism in matters of diet and ceremonial observances and to every other person who may be regarded as a Hindu unless he can show some valid local, tribal or family custom to the contrary, and (v) to Jains, Sikhs and Budhists. Clause 2, in effect, seeks to codify the existing law.

Clause 3.- The expression "district court" has been so defined that jurisdiction in matters relating to divorce can be vested in any subordinate civil court.

The definitions of "prohibited degrees" and "sapinda relationship" are on the lines of the Rau Committee's Report. As has been pointed out by that Committee, the strict rule prohibiting marriages within the limits of sapinda relationship as defined in the Smritis (seven and five degrees) have been considerably relaxed by custom and the limits have therefore been reduced to five and three degrees, as is generally recognised now. A definition of "prohibited degrees" is also necessary because there is the greatest diversity among Hindus in different parts of India as to what are the prohibited degrees for marriage. The usual rule is that the parties should not be sapindas of each other. Not only, however, has the sapinda relationship been interpreted in different ways by different authors, but the rule itself has been subjected to modification by custom. Some kind of limit has, therefore, to be provided to prevent incestuous marriages, subject to judicially recognised customs or well-established customs which satisfy the requirements of the definition of that expression.

Clause 4 seeks to repeal all existing laws, whether in the shape of enactments or otherwise, which are inconsistent with this Bill.

Clause 5 proscribes the essential requisites for a Hindu marriage, sub-clause (i) of which introduces monogamy. Sub-clauses (iv) and (v) require that the parties should not be within the degrees of prohibited relationship or be sapindas of each other unless in either case there is a custom or usage modifying that rule.

Clause 6 ~~also~~ codifies the existing law relating to persons who may act as guardians in marriage, but the mother is now given a higher place immediately after the father.

Clause 7 leaves it to the parties to choose any form of marriage, but where the form adopted includes the septapadi, the marriage becomes complete when the seventh step is taken. This is in accordance with the existing law.

Clause 8.- The question whether marriages should be registrable, whether ~~compulsorily~~ ^{compulsorily} or otherwise, is left to the discretion of the State Governments, but this clause ensures that omission to register a marriage will not render it invalid.

Clause 9 provides for restitution of conjugal rights^u - a right which is recognised under the existing law.

Clause 10 deals with judicial separation and the main consequences which flow from a decree for judicial separation. A decree for judicial separation does not have the effect of terminating the marriage.

Clauses 11 and 12 deal with cases where a marriage is null and void and cases where a marriage is voidable at the option of either party to the marriage. Until so avoided a voidable marriage should be regarded as good for all purposes. Where a marriage is a bigamous marriage or contravenes the rule relating to prohibited degrees, the marriage is regarded as null and void from the very beginning. In other cases the marriage is rendered voidable at the option of the parties as in many other systems of law.

Clause 11 and 12 deal with cases where a marriage is null and void and cases where a marriage is voidable at the option of either party to the marriage. Until so provided a voidable marriage should be regarded as good for all purposes. Where a marriage is a bigamous marriage or contravenes the rule relating to prohibited degrees, the marriage is regarded as null and void from the very beginning. In other cases the marriage is rendered voidable at the option of the parties as in many other systems of law.

Clause 13 specifies the grounds on which a decree for divorce may be obtained by either party to the marriage. In particular, a decree of divorce may be obtained if there is no reconciliation between the parties within a specified period after the passing of a decree for judicial separation or if a decree for restitution of conjugal rights is not complied with within a specified period.

Clause 14.- This clause, recognises the principle that where a marriage has been duly solemnized and is not void, it should not be open to any third party to question its validity.

A change in religion is not inconsistent with the continuance of conjugal love and it should therefore not be permissible for a party to the marriage to get a divorce by changing his or her religion. The right to get a divorce under this law is therefore given to the party who continues to be a Hindu as in the proviso. A somewhat similar right is given to a person changing his religion for Christianity under the Converts Marriage Dissolution Act, 1866 under which a husband or wife who changes his or her religion for Christianity is entitled to sue the other party for restitution of conjugal rights if the other party deserts or repudiates him or her, and if after the petition the desertion is persisted in, the court may declare the marriage dissolved after following the prescribed procedure.

Clause 15.- This is based on a similar provision in section 2 of the Matrimonial Causes Act, 1950, and will ensure a fair trial being given to every marriage.

Clause 16 proscribes a time limit, as a matter of public policy, within which it shall not be lawful for divorced persons to re-marry. Similar provisions are to be found in section 57 of the Indian Divorce Act, 1869, and in section 14 of Bombay Act XXII of 1947.

Clause 17 will ensure the legitimacy of children in the case of invalid marriages and also in the case of void marriages entered into in good faith.

Clause 18 renders bigamy punishable.

Clause 19 to 28 deal with jurisdiction and procedure and are generally based on similar provisions in the Indian Divorce Act, 1869, and in Bombay Act XXII of 1947.

Clause 29 - This clause expressly saves, inter alia, customs and special enactments like the Madras Marumakkattayam Act (XXII of 1933) which provide for termination of Hindu marriages in any other manner. It is also provided that marriages solemnized under the special Marriage Act, 1872, are not affected by anything contained in this Bill.

GOVERNMENT OF MANIPUR

Orders by the Chief Commissioner.

DEPARTMENT OF AGRICULTURE, MANIPUR.

RULES FOR COMPETITION OF PRIZES.

1: The entire state of Manipur will be eligible to compete for the prizes offered.

1 (a). The minimum unit for which a competitor can compete should be 2 'SANGAM' i. e. one 'LOURAK' preferably in one block.

2. Growers who have holdings of 100 acres or less will be eligible for award of prizes.

3. Only those persons will be eligible for the prize who are actual tillers of the soil and not merely owners of land. The field which is being offered for competition by a competitor should be in his name in Amins' register.

4. No single individual will get two prizes.

5. The village or Amins' lot (as convenient) should be the unit for judging the growers' effort.

6. There should be at least 20 competitors in each Amins' circle.

7. Every competitor will have to keep an account of the amount of seeds (including varieties), manures, etc., used per 'LOURAK'.

8. Every competitor (Individual or collective) for each item of competition will have to fill up a form before entering the competition. The form will be available with the circle Amins and Mauzadars, and will be supplied free but annas 8 will be charged as entry fee for each single item of competition. Each form will be used only for one item of competition. The form after being filled in will have to be sent to the Agricultural Officer.

9. A suitable date will be fixed by the Agricultural Officer for the submission of application forms for entering the competitions. Any form received after that date will not be entertained.

9 (a). Every competitor within 30 days of the filing of the application form, will have to give information about the details (i. e. Patta and Dag Nos., etc.) of the fields to the Agricultural Officer.

10. The competition should be confined to (1) Paddy (Phourel, Kakchengphou), (2) Wheat, (3) Gram and (4) Potato.

11. The competition will be held under the direction of the Agricultural Officer who will take as much help as he can from non-official bodies such as Panchayat, Village Food Production Committees, etc.

12. The individual competition will be held Amin's-circle wise and the village competition district wise.

13. The minimum normal yield per lourak or per unit (as given in the yard stick Measure) will be specified for each major crop or item of competition for each and outturn below that normal standard will be entitle anyone to claim a prize.

14. The initial judging of the results will be done by the circle amin, the village chowkidar and at least one Member of the village food Production Committee who will inspect individual fields entering the competition when the crop is ready and from an eye estimate of the crop. If in their estimation the field is not likely to yield more than the minimum normal yield per 'LOURAK' it will be struck off from the list of the competitors.

A complete list of all the fields which are estimated to produce more than the minimum normal yield per 'LOURAK' will be sent to the Agricultural officer.

15. The Agricultural Officer will call a meeting of all the competitors of each Amin's circle within 10 days of the receipt of this list and will announce the first 20 competitors and will also intimate to them the programme of crop-cutting.

16. The list of competitors whose name were struck off under Rule 14 will be published by the Agricultural Officer in local papers and if any competitor thinks that his yield is more than the minimum normal yield per "LOURAK" or per unit, but his name has been struck off from the list without jurisdiction, he can have his name included provided he deposits Rs. 10/- as security. His field will then be included in the crop cutting but if after actual cutting it is found that his yield is less than the minimum standard per "LOURAK" the security money of Rs. 10/- will be forfeited.

17. The Agricultural Officer or such other person he may depute will carry out crop-cutting in the first 20 fields of each Amin's circle. The yield of crops on two diagonal strips of 2 feet wide be harvested to measure the yield. At the time of crop-cutting the chowkidar of the village and other competitors should also be present. The date of crop-cutting in each field will be published in such manner as the Agricultural officer may deem fit. The notice of crop-cutting should be given in writing to the competitors and recorded in the register maintained for such purpose by A. O. and the signature of the competitors should be obtained on the register.

18. On the final report of the Agricultural Officer the Deputy Commissioner will announce the results of the competition.

19. The crop-cutting will be done exactly in the same manner as is being done in the case of paddy under instructions from the Government of India.

20. Any violation of the above rules and dishonesty on the part of the competitor will disqualify him.

21. All disputes arising out of this scheme will be dealt by the Agricultural Officer. An appeal will lie to D. C. whose decision shall be final.

22. The award of prizes on the result of crop-cutting will be done by the Chief Commissioner on the recommendation of D. C. and A. O.

23. In judging the effort made, the actual yields obtained should not be the sole criterion, since this puts too much of a premium on good land. The reward is intended to encourage the adoption of improved practices, as listed hereinafter, and the skill and labour shown by the cultivator in the production of food crops.

24. The total effort put in by the grower into the production of his crops as judged by (a) the excellence of his food crops, (b) the condition of his fields generally, (c) the extent of his having adopted some or all of the following improved practices shall guide the judges in their assessment of the effort made in each case.

- (1) Use of recommended seeds of high purity.
- (2) Manufacture and use of compost.
- (3) Use of oil cake and bone meal.
- (4) Practice of green manuring.
- (5) Use of improved implements of tillage (if any).
- (6) Cultural operations at the right time and in the correct name.
- (7) Use of the best rotation to maintain soil fertility and to provide adequate fodder for cattle.
- (8) Effort made to reclaim waste land.
- (9) The care of cattle as judged by their conditions.

25. The actual distribution of prizes should take place at important public functions including agricultural shows or exhibitions at which well-known public men or high govt. officials should be requested to preside. The list of prize winners should be given wide publicity through papers and through publicity Department and Radio Broadcasting.

R. P. Bhargava,

CHIEF COMMISSIONER, MANIPUR.

PRIZE DISTRIBUTION SCHEME.

Subject :—

This scheme provides for prizes at different levels in order to arouse a spirit of healthy rivalry among the cultivators and thereby to increase the average per 'LOURAK' yield of the main food crops in the state.

1. Competition at Amin's Circle Level.

(a). Crop competition at this level will be organised in every village, where at least 20 competitors agree to come forward with a plot of not less than one 'LOURAK' for participating in the crop competition and pay an entry fee of -/8/- (annas eight) only.

Prizes at this level will be awarded of a value not exceeding Rs. 10/- either in cash or in kind whichever is most convenient in addition to which a certificate of recognition will be granted from the Chief Commissioner.

(b). The minimum unit area for which a competitor can compete should be one 'LOURAK' preferable in one block.

(c). A printed form for joining the competition will be filled in by each competitor, which will be available with circle amins and mauzadars. These forms will be obtained free of cost but an entry fee of -/8/- will be charged from each competitor for each item of competition.

(d). There will be separate competitions for each of the following crops. The normal yield per 'LOURAK' will be specified for each crop and outturn below that normal standard yield will not entitle any one to claim a prize. Normal yields are given below:—

Name of crops.		Normal yield per Lourak in maunds.
Kharif	{ Phouren.	45.00 mds. of paddy
	{ Kakchengphou.	45.00 mds. of paddy.
Rabi	{ Potato.	85 mds. of potato.
	{ Wheat.	16.00 mds. of wheat.
	{ Gram.	12.00 mds of gram.

(e) There should be at least 20 competitors in each Amin's circle.

The Amin's circle or a group of 20 competitors (as convenient) should be the unit for judging the growers' effort. Within this unit growers who have holdings of 100 acres or less will be eligible for award of prizes.

(f). In every Amin's circle, group of villages or units of competition the village Food Production Committee, will organise the crop competitions. Where not such Committee exists, a special Crop Competition Committee will be set up by the Officer-in-charge of Crop competitions.

(g). In addition to the competition organising committee there will be a judging committee consisting of in all 5 members. The president and secretary of the Village Food Production Committee will be the members of this committee; the third member may be the Village Headman and other two members will be elected by the competitors. Where the Village Food Production Committee does not exist, the president and Secretary of the newly constituted crop competition committee will be two members in place of the first two members.

(h). Every competitor will have to keep an account of the amount of seed, manures, etc. used per lourak.

(i). Only those persons will be eligible for the prizes who are actual tillers of the soils and not merely owners of land.

II. Competition at State Level.

The award of prizes at this level will be made on the basis of the results obtained from the competitions held at the Amin's circle level.

The first three prize winners in the Amin's circle competition will be eligible for competing at the district level. The entry fee for this competition will be Re. 1/-. The highest yields achieved by the successful persons in the Amin's circle competition will be compared and three persons with the highest yields in the same crop will be declared winners at the District Level.

Prizes to the first three winners will be Rs. 250/- Rs. 175/- and Rs. 100/- respectively. These prizes will be given at a big public gathering at the headquarters which may be attended by the officers and important personages.

III. All-India Competition.

(1) In view of the disparity of physical and climatic conditions prevailing in different states and also the nature of the principal crops, advantageously grown in each state, it would be difficult to frame uniform rules for one uniform crop competition for the whole of country. It is however, proposed to receive the report of the best three prize winner at the State Level from each state Government. These reports should include :-

(a). A statement of the better framing methods employed by the prize winners.

(b). Statement showing the nature and advantages of the soil, irrigation and climatic conditions enjoyed by them; and

(c). The highest yields obtained by them in relation to the normal yields prevailing in that particular area for that crop.

(2). After receipt of these reports, the Government of India Ministry of Agriculture will appoint a small expert committee of three officers to go through these reports and to select the first three prize winners in the whole of India. These prize winners will be given a cash reward of Rs. 5,000/-, 3,000/- and 2,000/- respectively; and in addition to the cash reward they will receive certificate of merit from the Government of India.

IV. Prizes for Officers.

In order that the circle Amins and Mauzadars concerned in the village also take sufficient interest in the Food Production programme and particularly in this scheme, medals or prizes to the value as detailed below will be awarded to the Circle amins and Mauzadars in whose circle the best work is done. In addition to this, certificates of recognition will be issued to them and at the time of making promotion due recognition will be given to thier work in the Grow More Food Campaign.

- (c) to any other person domiciled in India who is not a Muslim, Christian, Parsi or Jew by religion, unless it is proved that any such person would not have been governed by the Hindu law or by any custom or usage as part of that law in respect of any of the matters dealt with herein if this Act had not been passed.

- (b) in the case of an illegitimate boy or an illegitimate unmarried girl—the mother and after her, the father ;
- (c) in the case of a married girl—the husband ;

6. Natural guardianship of adopted son.—The natural guardianship of an adopted son is a minor passes, on adoption, from the family of his birth to the family of his adoption.

7. Powers of natural guardian.—(1) The natural guardian of a Hindu minor has power, subject to the provisions of this section, to do all acts which are necessary or reasonable and proper for the benefit of the minor or for the realization, protection or benefit of the minor's estate; but the guardian can in no case bind the minor by a personal covenant.

(2) The natural guardian shall not, without the previous permission of the Court—

(a) mortgage or charge, or transfer by sale, gift, exchange or otherwise, any part of the immovable property of the minor; or

(b) lease any part of such property for a term exceeding five years or for a term extending more than one year beyond the date on which the minor will attain majority.

(3) Any disposal of immovable property by a natural guardian, in contravention of sub-section (1) or sub-section (2), is voidable at the instance of the minor or any other person affected thereby.

(4) No court shall grant permission to the natural guardian to do any of the acts mentioned in sub-section (2) except in case of necessity or for an evident advantage to the minor.

(5) The Guardians and Wards Act, 1890 (VIII of 1890), shall apply to and in respect of an application for obtaining the permission of the court under sub-section (2) in all respects as if it were an application for obtaining the permission of the court under section 29 of that Act, and in particular—

(a) proceedings in connection with the application shall be deemed to be proceedings under that Act within the meaning of section 4A thereof;

(b) the court shall observe the procedure and have the powers specified in sub-sections (2), (3) and (4) of section 31 of that Act, and

(c) an appeal shall lie to the High Court from an order of the court refusing permission to the natural guardian to do any of the acts mentioned in sub-section (2) of this section.

(6) In this section, "court" means the district court or a court empowered under section 4A of the Guardians and Wards Act, 1890 (VIII of 1890), within the local limits of whose jurisdiction the immovable property in respect of which the application is made, or any part thereof, is situated.

8. Revocation of authority by natural guardian.—Where the natural guardian of a Hindu minor authorises another person to take charge of the minor, the authority is revocable except—

(a) where it is not in the interests of the minor to permit revocation; or

(b) where the natural guardian has ceased to be a Hindu; or

(c) where for any other sufficient cause, it is not desirable to permit revocation.

9. Testamentary guardian and his powers.—(1) A Hindu father may, by will, appoint a guardian for any of his minor legitimate children in respect of the minor's person, or in respect of the minor's property (other than the undivided interest referred to in section 12) or in respect of both:

Provided that nothing in this section shall be deemed to authorise any person to act as the guardian of the person of the minor for so long the mother is alive and is capable of acting as the natural guardian of her minor child.

(2) The guardian so appointed has, after the death of the father and of the mother, if the father has predeceased her, the right to act as the minor's guardian, and to exercise all the rights of a natural guardian under this Act to such extent and subject to such restrictions, if any, as may be specified in the will.

(3) Subject to the provisions of this Act, a Hindu widow may, by will, appoint a guardian for any of her minor children in respect of the person of the minor:

Provided that her husband has not already by will appointed any person to be the guardian of the person of such child.

(4) The right of the guardian so appointed shall, where the minor is a girl, cease on her marriage.

10. Duty of guardian to bring up minor as a Hindu.—It shall be the duty of the guardian of a Hindu minor to bring up the minor as a Hindu.

11. *De facto* guardian not to deal with minor's property.—After the commencement of this Act, no person shall be entitled to dispose of, or deal with, the property of a Hindu minor merely on the ground of his or her being the *de facto* guardian of the minor.

12. Guardian not to be appointed for minor's undivided interest in joint family property.—Where a minor has an undivided interest in joint family property and the property is under the management of an adult member of the family, no guardian shall be appointed for the minor in respect of such undivided interest.

Provided that nothing in this section shall be deemed to affect the jurisdiction of a High Court to appoint a guardian in respect of such interest.

13. Welfare of minor to be paramount consideration.—In the appointment or declaration of any person as guardian of a Hindu minor by a Court, the welfare of the minor shall be the paramount consideration and no person shall be entitled to the guardianship by virtue of the provisions of this Act or of any law relating to guardianship in marriage among Hindus, if the Court is of opinion that his or her guardianship will not be for the welfare of the minor.

STATEMENT OF OBJECTS AND REASONS

This is another instalment of the Hindu Code and it deals with the law relating to minority and guardianship.

(2). Under the Indian Majority Act, 1875, a person attains majority on his completing the age of 18 years but if before the completion of that age he has a guardian appointed by the court, he attains majority on completing the age of 21 years. That Act applies to all persons including Hindus but an exception is made with respect to the capacity of any person to act in the matter of marriage, dower, divorce and adoption. Marriage and divorce have already been dealt with so far as Hindus are concerned and the definition of minor in the Bill will ensure that the age of majority is 18 for all practical purposes.

(3) Guardians may be divided into three classes namely, (1) natural guardians, (2) testamentary guardians and (3) guardians appointed under the Guardians and Wards Act, 1890, and the present Bill is supplemental to the Guardians and Wards Act, 1890, and deals with natural guardians and testamentary guardians, incidentally abolishing *de facto* guardians.

(4). The notes on clauses explain, wherever necessary, the various provisions contained in the Bill.

NOTES ON CLAUSES.

Clause 5.—The proviso to this clause was added by the Select Committee in 1948; otherwise this clause re-states the existing law.

Clause 6.—This clause exactly reproduces the existing law.

Clause 7.—The existing restrictions on the powers of the natural guardian of a Hindu minor have been re-cast more or less on the lines of similar restrictions in the Guardians and Wards Act, 1890.

Clause 8.—Under the present law, the natural guardian can entrust the custody and education of his minor children to another person but such entrustment is revocable. The court will, however, interfere to prevent revocation if the authority has been acted upon in such a way as to create associations or to give rise to expectations on the part of the minor which it would be undesirable in the circumstances to disturb.

Clause 9.—Under the existing law, even the mother can be excluded from the guardianship by the father. She has also no power to appoint a testamentary guardian.

The Select Committee in 1948 amended this clause to provide that no testamentary guardian appointed by the father shall be entitled to act as such if the mother is alive and is capable of acting as the natural guardian. They also provided that a Hindu widow may appoint a testamentary guardian if her husband has not already appointed any such guardian. The present clause follows the Select committee's draft.

Clause 10.—This clause reproduces a similar provision contained in the Rau Committee's draft.

Clause 11.—Under the existing law, a *de facto* guardian has the same power of alienating the property of his ward as a natural guardian. This clause abolishes *de facto* guardians as there is no need to continue to grant recognition to such guardians.

Clause 12.—So long as the joint family system exists this provision, which is in accordance with the existing law, is necessary.

Clause 13.—As in section 17 of the Guardians and Wards Act, 1890, the welfare of the minor has been made the paramount consideration in the appointment or declaration of any person as guardians of a Hindu minor.

EXPLANATORY NOTES

As required by the Act, the above proposals have been formulated on the basis of the latest census figures which for convenience of reference are set out in the Appendix. It is assumed that the State of Andhra will be constituted in the near future with the territories indicated in the Prime Minister's announcement and that a part of the Bellary district will be transferred from the State of Madras to the State of Mysore.

Allotment of seats in the House of the People.—In Article 81(1)(a) of the Constitution it is laid down that the House of the People shall consist of not more than 500 members directly elected by voters in the States. The Commission's proposals provide for the allocation among the States of the maximum number of 500 elective seats. The four seats filled by nomination (one to represent the Part B tribal areas of Assam, one to represent the Andaman and Nicobar Islands and two to represent the Anglo-Indian community, are not included in the Table.

Taking the Part C States first, four of them, Tripura, Manipur, Kutch and Bilaspur, which have no Legislative Assemblies, have to be allotted the same number of seats as they have at present, namely, 2, 2, 2 and 1 respectively: vide proviso to section 8 (1) of the Act. Coorg also must obviously continue to have one seat as at present. On the all-India average of 7.22 lakhs per seat, the States of Vindhya Pradesh, Delhi, Himachal Pradesh and Ajmer cannot continue to enjoy the weightage they have at present in the House of the People. In each of these cases, the number of representatives has been reduced by one so that these four States get 5, 3, 2 and 1 respectively, or, 11 seats in all. The representation of Bhopal which has a population of 836,474 cannot very well be reduced from 2 to 1, and accordingly the present number of 2 has been retained for that State. The total number of seats allotted to the Part C States thus comes to 21.

The allocation of the remaining 479 seats among the part A and Part B States has been made strictly on the basis of the latest census figures in the following manner. The total population of these States comes to 351,099,840 which, divided by 479, gives an average of 732.88 per seat. The population of each State is divided by this letter number and the nearest integral number of seats allotted to that State. Similarly, the number of seats proposed to be reserved for the Scheduled Castes and the Scheduled Tribes, if any, in each State has been calculated strictly in accordance with the provisions of Article 330, fractions less than one-half being ignored and fractions not less than one-half being taken as one. The calculations are shown in Part I of the Appendix.

Assignment of seats to the Legislative Assemblies.—According to section 8 (1) (b) of the Act, the total number of seats to be assigned to the Legislative Assembly of each Part A State and of each Part B State, other than Jammu and Kashmir, has to form an integral multiple of the total number of seats allotted to that State in the House of the People. It will be observed from the table above, in which the States have been listed in descending order of population, that as we go down the list the multiple generally increases from 5 to 12 and the total strength of the Assembly diminishes from 480 to 60. In the majority of cases the existing strength of the Legislative Assembly has been maintained unaltered, but a change is necessary in a few States for reasons explained below.

For Bombay which has been allotted 49 seats in the House of the People, it is proposed that the multiple should be 6, giving an Assembly of 294 members instead of 315 as at present. The retention of the existing multiple of 7, would have meant an increase in the strength of the Assembly to 343 which does not seem necessary. The proposed reduction of the total number of members by 21 would involve only a slight increase in the extent and population of an average Assembly constituency, which in an advanced and well-developed State like Bombay should not be material.

After the formation of the Andhra State, the population of Madras State will enable it to 49 seats in the House of the People. The present multiple for Madras is 5, and it is proposed to retain it, giving an Assembly of 245.

Madhya Pradesh and Rajasthan have at present a comparatively high multiple of 8. The commission proposes to maintain it in both the States, mainly because of the low density of population (163 and 117, respectively, per square mile) and poor communications.

For the new State of Andhra a multiple of 6, giving an Assembly of 168 members, is proposed. •

According to the census figures, Punjab is allotted 17 seats in the House of the People in place of the existing 18. It is, however, proposed to retain the existing multiple of 7, giving a Legislative Assembly of 119 members.

On the assumption that the major part of Bellary district will be transferred to Mysore when the Andhra State is formed, Mysore will be entitled to 13 seats in the House of the People instead of the existing 11. It is proposed to retain the existing multiple of 9, which will give a Legislative Assembly of 117 members.

Since Travancore Cochin gets one more seat in the House of the People the total strength of the Assembly will have either to be increased from 108 to 117 or reduced slightly to 104. In a densely populated State with small sized constituencies it appears unnecessary to increase the size of the Assembly to 117 by retaining the existing multiple of 9. It is accordingly proposed to fix the strength of the Assembly at 104, the multiple being 8.

In Assam, it is proposed to retain the existing number of reservations for the autonomous districts in all cases. According to Article 332 (1) of the Constitution, the number of seats reserved for each of the six autonomous districts should bear to the total number of seats in the Assembly a proportion not less than the population of the district bears to the total population of the State. Strictly according to population figures, it would be sufficient to give three seats to the Garo Hills district in place of the existing 4. The Associate Members of Assam were, however, unanimous in suggesting that a reduction affecting only one of the autonomous districts would be liable to be misunderstood by its tribal population and that there would be no harm in giving four seats to this district. It is, therefore, proposed to leave the number of reserved seats for all the autonomous districts as they are at present.

No. In-92/52-209.—Copy of Memorandum No. W/S/3/1705 dt. 3-11-52, dt. 8-11-52 from the Technical Manager, Govt. Hosiery Work Centre, Ludhiana is reproduced below for general information.

Subject :— Spinning Wheels.

It is submitted that I in company of the Manager, V. T. C. in work centre and the Power Loom Instructor V. T. C. in work to M/S Machanic Industry, Arya Road, Ludhiana and were shown the working of the three different spinning wheels. Our report on their working is as follows :—

(i) **Mohini Spinning Wheel** :—It spins wool and cotton both for coarse and fine counts. The daily 8 hours production in wool up to No. 8 count is 8 chhks and cotton upto No. 10 count is 4 chhks. It is portable machine strong and durable mostly made of cast iron. It produces uniform twist after a little training given to worker. The sample yarns cotton and wool produced on Mohini Spining Wheel are wound on a bobbil sent herewith for inspection.

(ii) **Raja Spinning Wheel** :—It runs on high speed and is more suitable for fine yarns of wool and cotton. The spindle and the bobbin being vertical, it spins wool from counts 12 to 40 and cotton from 8 to 20 and production is from 1 chhk to 6 chhks. according to the counts and quality required. The price is Rs. 40/- shown on page of the booklet.

These spinning wheels being simple in structure can be worked easily by all literate or illiterate persons with a little training and in the production of yarn spun on these, it is better than the age old ordinary spinning wheel especially is getting the uniformity or twist. It being worked with foot leaves the hand free to look to the quality and twist of the yarns spun. We are told that these wheels already are in use in Government Institutions in Kulu valley and Dunstan Institution, Dehra Dun.

The following Memorandum received from the Director of Health and Inspector General of prisons, Orissa, Bhubaneswar to All Director of Public Health, Part A States is republished for general information.

Subject:—Car festival at Puri.

The car festival at Puri falls this year in July. The actual festival period will commence from 27-6-1953, the day of Snan Jatra of Lord Jagannath and continue till 21-7-53, the day of return of car festival. This celebrated function attracts a large number of persons from all over India. It is observed from past experience that epidemic of cholera breaks out either during or after the festival period. As cholera is prevailing in certain parts of this State and also in the city of Calcutta and some other States, it is felt that the intending pilgrims must be apprised of the situation before hand so that they can take necessary action to protect themselves against this infection in time.

It is, therefore necessary that as far as practicable efforts, should be made in every district of your State from which pilgrims are likely to come to attend this festival to induce all intending pilgrims to take anti-cholera inoculation and to obtain certificate of inoculation from the authorised medical and public health staff of your State before undertaking journey to Puri. Otherwise they will not be allowed to enter. Temporary regulations have been promulgated in the area from 1.5.1953 to 30.7.1953 under the provisions of Epidemic Diseases, Act, 1897. Holders of certificate of inoculation issued after 1.4.1953 will not however be required to take further inoculation in the festival area.

The following Memorandum received from the Director of Health and Inspector General of prisons, Orissa, Bhubaneswar to All Director of Public Health, Part A States is republished for general information.

Subject:—Car festival at Puri.

The car festival at Puri falls this year in July. The actual festival period will commence from 27-6-1953, the day of Snan Jatra of Lord Jagannath and continue till 21-7-53, the day of return of car festival. This celebrated function attracts a large number of persons from all over India. It is observed from past experience that epidemic of cholera breaks out either during or after the festival period. As cholera is prevailing in certain parts of this State and also in the city of Calcutta and some other States, it is felt that the intending pilgrims must be apprised of the situation before hand so that they can take necessary action to protect themselves against this infection in time.

It is, therefore necessary that as far as practicable efforts, should be made in every district of your State from which pilgrims are likely to come to attend this festival to induce all intending pilgrims to take anti-cholera inoculation and to obtain certificate of inoculation from the authorised medical and public health staff of your State before undertaking journey to Puri. Otherwise they will not be allowed to enter. Temporary regulations have been promulgated in the area from 1.5.1953 to 30.7.1953 under the provisions of Epidemic Diseases, Act, 1897. Holders of certificate of inoculation issued after 1.4.1953 will not however be required to take further inoculation in the festival area.

Sub :— Grant of Loans Under the Land Improvement Loans Act 1883.

Further to my Memo No. 7414/D.C. dated 6-7-53 on the above subject, I beg to say that I do not think it would be desirable to confine the loans to the persons whose applications have been forwarded under your No. R/7/53 dated 17-6-53 for my disposal and deny the same to those who have not been able to apply for them for lack of publicity on the part of the Government. I think the matter should first be adequately publicised so that all who need such loans may avail themselves of the same. If you see no objection, I would request you kindly to take steps to issue a communique on the subject, in the Gazette or otherwise so that there might be no complaints from the public afterwards. I do really feel that there must be many other deserving candidates for the loans besides these who have already applied. A copy of the communique issued may kindly be sent to me.

Proceedings of the State Transport Authority, Manipur held on 29-5-53. at 10-30 A. M. at the office of the Superintendent of Police, Manipur, with Shri M. N. Phukan, Deputy Commissioner in the chair.

The following members were present :—

1. Shri M. N. Phukan, D. C.
2. „ S. C. Palit, S. P.
3. „ Y. T. Singh P. E. O.
4. „ S. Somendra Singh.

The following resolutions were passed unanimously :—

1. It is resolved that the validity of the existing permits of public and private carrier vehicles will continue upto 30th June, '53. In the meantime, all Motor Vehicle Owners will be notified to apply for fresh permits. This resolution supersedes resolution No. 1 of the last meeting of this Committee.

2. Reconsidered resolution No. 2 of the last meeting regarding the division into zones in the plying of public service vehicles and putting other restriction on the same.

In consideration of the local economic conditions, it is resolved that this resolution should not be given effect to at present.

3. This Committee considers that it will be very difficult for vehicle owners to pay additional tax for the Imphal-Moreh Road as the road is so bad and it will be uneconomic to ply vehicles along this road, if this additional tax is imposed. So, it is considered reasonable to postpone this additional taxation until the trade with Burma along this road considerably increases.

4. Reconsidered resolution No. 6 of the last meeting regarding imposition of permit fee on public carriers.

In consideration of the bad economic condition of public carrier owners this committee considers that no additional tax (of Rs. 10/-(ten) only) should be imposed on public carriers on account of permit fee.

5. This Committee allows the Manipur State Transport to put on the road 2 (two) more public carriers in addition to the 6 (six) public carriers already permitted, vide resolution No. 8 of the last meeting.

6. The period of monopoly given to the Manipur State Transport to run bus services under resolution No 9 of the last meeting is extended upto 30-6-53. Manager, M. S. T. shall apply for fresh permits before 30th June, 1953

7. Considered the applications of Shri Sanasam Thambal Singh. This Committee agrees to his suggestion to convert his public carrier vehicle MNS 906 into a private carrier and then convert his private carrier ASK 1512 into a public carrier.

8. Considered the applications for public carrier permits from :—

- (1) Shri P. B. Singh
- (2) „ Prahlada Singh
- (3) „ R. K. Birendra Singh
- (4) „ Om. Prakash Gulati
- (5) „ B. K. Das
- (6) „ P. Iboyaima Singh

There are already 264 public carriers. This number is considered quite sufficient for this State. No other new permits for public carriers shall be allowed at present. The above six applicants are, therefore, rejected.

NOTIFICATION.

Subject :— Submission of Annual Establishment Returns in respect of temporary establishment.

No T M. 2/28 52/7. —A doubt was recently felt as to whether the Annual Establishment Returns of non-gazetted establishments as they stood on the 1st April, each year, should include the names of temporary Government servants also in view of the specific mention of permanent establishment only in the General Financial Rule 119 and the heading of form G. F. R. 19 and in paragraph 1 of Appendix 7 to the General Financial Rules, Vol. II. In this connection, a reference is invited to the Note below General Financial Rule 119 and paragraph 8 of Appendix 7 to the General Financial Rules which contemplate the submission of separate establishment returns in respect of temporary and officiating Government servants also. The submission of annual establishment returns for temporary establishment has become all the more necessary in view of the fact that under the Liberalised Pension Rules, half the continuous temporary service rendered by a Government servant after attaining the minimum qualifying age if followed by confirmation in a pensionable post will count for pension.

All Central heads of offices are, therefore, requested to ensure the submission of the annual establishment returns in respect of temporary establishments as on 1st April, 1953, onwards in addition to the returns for the permanent establishment. In order to remove the doubt and to make it clear that the returns should be submitted for temporary establishment also, arrangements are being made by the Comptroller and Auditor General of India for the issue of the necessary corrections to the relevant rules in the General Financial Rules, Vols. I and II.

In order that in future no further difficulties may be experienced by the Medical Department and that a harmonious understanding between the Medical Department and the Public may be ensured it has been decided that henceforth any such report should be made to the nearest Medical Officer of the Hospital and Dispensary in that circle duly countersigned by the Chowkidar of the village or a member of the Village Panchayet or a Police Officer of the nearest Police Station.

Any report involving departure from the above channel may be ignored.

- (i) the main Ministries of the Central Government,
- (i) their attached offices, and
- (ni) Part C States who have no Consolidated funds of their own within the meaning of section 39 of the Government Part C States Act, 1951 (No. XLIX of 1951).

(B) Fees are however chargeable in all other cases.

9. (i) In cases in which no opinion is given but photographs are taken, only the actual cost of the photographs will be charged, subject to a minimum of Rs. 35/-

(ii) In cases in which examination has been completed but no opinion could be expressed, a consolidated fee of Rs. 100/- will be charged.

10. No reduction in the fee will be allowed if evidence is not required or is taken on Commission.

11. (i) In class B cases an additional fee of Rs. 200/- will be charged for each day after the first day on which evidence is given, whether in court or on commission, or on which the officer is detained. The presiding officer or the Commissioner will be requested to certify, before the second and each subsequent day's work is begun, that the fee for that day and also for any intervening day or days of detention has been deposited, and subsequently to furnish a certificate in rule 6 above.

(ii) A fee Rs. 250/- will be charged in a civil suit even for the first day's evidence if evidence is taken upon an opinion expressed on the same documents when they formed part of a criminal case.

12. In cases fall in under class B, the Government Examiner or his Assistant will be prepared to attend courts provided that he can do so without detriment to his other work. When evidence is taken on commission, the commission should be issued to the Senior Sub-Judge SIMLA, and normally should be so worded that either the Government Examiner or his Assistant can give evidence.

13. Presiding Officers of Courts are requested to detain the Government Examiner of Questioned Documents or his Assistant for the least possible time compatible with the requirements of the case. They are also requested to accept, so far as possible, the time and dates for attendance offered by these officers, because the latter frequently have to attend several courts in the course of one tour.

14. The Government of India in the Ministry of Home Affairs reserve the right to impose an extra charge in any case in which they consider that the usual fee is incommensurate with the time and labour spent on the case.

15. When the Government Examiner of Questions Documents or his Assistant is required to travel in order to give evidence or for any other purpose the authority or party employing his services will be required to pay travelling allowance at the rates laid down for first grade officers in the Supplementary Rules of the Government of India for journeys on tour. Travelling allowances will also be payable for the class IV servant accompanying the officer at the rates fixed for Government of India, Class IV servants. These payments will be adjusted as directed in the Home Department, (now Ministry of Home Affairs) letter No. F. 128/VII/27-Police, dated the 12th January 1928 (see Appendix).

In class B cases the presiding officer of the court concerned will be required to certify that the cost of travelling allowance has been deposited before the Government Examiner of Questioned Documents or his Assistant undertakes the journey.

APPENDIX.

Procedure for the payment and audit of travelling allowances drawn by the Government Examiner of Questioned Documents of his Assistant during tours (vide Home Department letter No. F. 128/VII/-27-Police, dated the 12th January 1928)

1. (1) The Examiner or his Assistant should submit his travelling allowance bills to the Accountant General, Central Revenues, for audit and payment.
- (2) As soon as a journey is completed, that is, in respect of any complete journey from head-quarters, to head-quarters, the Examiner or his Assistant should send a statement to the Accountant General, Central Revenues, showing the total amount of travelling allowance claimed or drawn and the distribution of the entire amount among the various courts for recovery.
- (3) In cases where several courts are attended, the cost should be distributed between them in proportion to the distance by rail from headquarters.
- (4) As the travelling allowance is debitable to the various local Governments or the parties concerned, the recoveries should be treated as follows:—
 - (i) recoveries from the various local Governments should be taken in reduction of expenditure, provided they are effected within the accounts of the same year; if not, they should be shown as receipts; and
 - (ii) recoveries from parties such as local boards, local bodies and private persons should be taken as receipt.

2. The principles laid down above apply to the payment and audit of the travelling allowance of the peon accompanying the Examiner or his Assistant.

3. If after the Examiner or his Assistant has actually commenced a tour, intimation is received from a court included in the tour to the effect that his evidence would not be required on the date originally fixed, the court shall pay the difference between the total expenditure actually incurred on the tour and the expenditure that would have been incurred if attendance in that court had not been included in the tour. This shall be specifically made clear when the bill is sent to the court for acceptance.

4. The examiner and his Assistant shall observe the provisions of Supplementary Rule 80 when they frame their programme for tour.

T. Kalachand Singh,
Asstt. Secretary to the Govt. of Manipur.

INSTRUCTIONS TO EMPLOYERS TO DECLARE AUGUST 15 A PAID HOLIDAY.

In pursuance of instructions issued by the Central Ministry of Labour on previous anniversaries of Independence Day, workers were permitted to participate in the August 15th celebrations without being made to suffer any loss in wages.

A similar directive has been issued this year by the India Govt. to their officers in charge of industrial undertakings and they hope that other employers as well will co-operate with them by declaring this national day as a paid holiday.

In view of the great importance of the occasion, Government presume that many industrial undertakings have already prescribed August 15th as one of their regular holidays, but where this has not been done, they hope that the employers will treat the day as an additional paid holiday and not as a substituted holiday.

Proceedings of a meeting of the State Transport Authority, Manipur held on 15-7-53 at 11 A. M. at the office of the Superintendent of Police, Manipur with Shri M. N. Phukan, Deputy Commissioner in the chair.

The following members were present :—

1. Shri M. N. Phukan, Deputy Commissioner, Manipur.
2. „ S. C. Palit, Superintendent of Police, Manipur.
3. „ S. Somorendra Singh.

1. The Committee confirms the order of the Secretary, State Transport Authority in respect of monopoly permit granted to Manipur State Transport for the bus service on Imphal Pukhao road for a period of another one year with effect from 1-7-53.

2. The Committee confirms the order of the Secretary, S. T. A. about the permit of a public carrier vehicle granted to Shri Y. Chaoba Singh for his private carrier vehicle No. MNS 2174 in exchange of his public carrier vehicle No. MNS 651 now getting unserviceable.

3. It is decided to call upon the owners of those public carriers and Stage carriage vehicles who have withdrawn their vehicles from the road for more than six months with notice, to show cause why their permits should not be cancelled and if the cause shown be satisfactory, it should be accepted. Each case should be judged on its merits.

Those who have not paid any road taxes for more than six months without any prior notice of withdrawal from the road, their permits should be treated as cancelled and should not be renewed.

4. It is also resolved that out of six applications submitted after the due date of submission (i.e. 30-6-53), application of two vehicles which were paying regular taxes should be entertained. As for four other applicants who kept their vehicles out of the road for more than six months and did not pay any taxes also for more than six months, should not be considered.

7. The Committee heard the representative of the Manipur Public Transport Union (Shri H. Tomba Singh) and is of opinion that the rates charged by Manipur State Transport in carrying goods from Dimapur to Imphal and vice versa are unreasonably low which eventually may even cause loss to the M.S.T. This unhealthy competition between the M.S.T. and the Public carrier owners should come to an end. The committee requests the Govt. to look into this matter and review the position.

8. It is resolved that private carriers which are now carrying passengers and goods from Imphal to Ukhrul and back should be served with notice to convert their vehicles to public carriers within one month failing which they should not be allowed to carry passengers and public goods.

9. Amendment of section 423, Act V of 1898.—Sub-section (2) of section 423, of the said Act, shall be omitted.

STATEMENT OF OBJECTS AND REASONS

* The Jury system is unnecessary and assessor system is useless.

Oftentimes the Jury returns perverse verdicts and Sessions Judges are generally disinclined to submit such cases to the High Court under section 307 of the Code of Criminal Procedure for a variety of reasons. Whatever justification there might have been for the introduction of the system, it is out-moded. Our Judiciary is one of the best in the world and the robust independence of our Judiciary is the sentinel guarding the liberty of the individual. Should there be any mistake, there are a series of appellate courts to rectify.

The economy involved in their abolition will be enormous, and the Code will become much simplified.

Hence this Bill.

The following notification received from the Deputy Accountant General, Assam, Shillong is republished for general information :—

Dated Shillong, the 21st September, 1953.

Subject :—Adjustment of debits in connection with Railway Warrants and Credit Notes.

No T M. 2/51/51/19.—It has been reported by the Railway Accounts Officers that references are very often made to them by several departmental officers regarding the adjustment of Railway Warrants and Credit Notes issued by them without first ascertaining from the Accountant General, Assam whether necessary debits for the same have been raised by the Railways concerned or not. Consequently much additional avoidable work devolves on the Railway Accounts Officers in replying to such references. The fact of adjustment of monthly debits raised by the Railway Accounts Officers in respect of Railway warrants and Credit Notes is communicated to the departmental officers issuing these warrants and credit notes and it is not, therefore, necessary to correspond with the Railway Accounts Officers as to the adjustment of the debits. All departmental officers both Central and State, under the audit control of the Accountant General, Assam, are, therefore, requested to discontinue the practice of addressing the Railway Accounts Officers in the matter of adjustment of these debits. They should wait for sometime, say, 4 months, after issuing the Railway warrants or credit notes and if no advice of adjustment thereof is received by them within this period they should address their Audit Officer in this behalf. It is requested that this procedure may please be observed by all the departmental officers in future.

UNITED NATIONS DAY IN SCHOOLS.

21 OCTOBER 1953.

Peace, Justice, Progress

Eight years ago today marked the beginning of a great challenge. To be sure, neither the act of signing the Charter on 26 June 1945, nor its ratification on 21 October of that same year changed the world. No actions such as these could, of themselves, clear away the fears and tensions that oppress the nations or dissipate the miseries that two world wars have brought upon mankind. Conflict and the reasons for conflict do not disappear overnight. Peace, Justice and Progress are the fruits of long years of patient effort. That is the challenge.

It is very true, however, that the birth-day of the United Nations ushered in a new opportunity for all of us. The Charter of the United Nations is a pledge to live up to a number of high ideals, but it is also the blueprint after which the organs of the United Nations were fashioned. It sets forth the means to fulfill the pledge. Now, as the United Nations enters its ninth year, and we look back upon its brief but active life, what do we see? How well has this pledge been kept and the challenge met?

Peace is not only the absence of war, it is a positive though complex state of living. The means must be available to solve the inevitable conflicts of interest that arise between nations without recourse to force, and the will to do so must be present. Men must regard and treat one another as equals and admit each man's and each nation's rights. Their sense of justice must overcome their self-concern. They must be willing to co-operate to help one another to improve their common standards of living and thus give all the opportunity for a better life.

The United Nations offers the means to achieve all these things but, when fighting has broken out, it must first be stopped. In the past when a dispute between nations reached the point where diplomacy had failed and fighting had begun, there was no way left to reopen the talks that might lead to a sensible solution. There was nothing left to do but to fight it out. But, with the United Nations, a new dimension was added. For, through it, the diplomats of the warring nations are brought face to face once more to talk to one another with the eyes of the world upon them and the advice and suggestions of other nations ringing in their ears. The fighting is stopped and reason has an opportunity to be heard.

This was true in Indonesia, Palestine and Kashmir and, in somewhat different ways, in the Balkans and at the time of the Berlin blockade. In all of these cases the United Nations sought a peaceful settlement of the conflict. Had the machinery of the United Nations not existed, each conflict might have taken a very different and a very serious course.

Merely to stop a fight does not of course, solve the problems that caused the fight to start. For, when a dispute is deep enough to lead to war, no quick or easy solution is apt to be at hand. Much always remains to be done. The tempers that flared into war must first be calmed down and often protracted negotiations carried on before any agreement can be reached. But that is what the United Nations is for. If its machinery is used and good will exists, peaceful solutions can be found.

The nature of the war in Korea was different from the above-mentioned examples. It did not represent a failure of diplomacy. It was a planned act of aggression. ~~Under the framework of the United Nations Charter there is no possibility of a peaceful solution.~~

be element of society which would try to destroy the peace which the rest of the world earnestly wanted. Therefore, they gave the United Nations the right to resist aggression, when the attack on South Korea had started. It was a new phase of history. For the first time, a group of nations took up arms to resist attack on one of their neighbors instead of waiting to be destroyed singly and alone. This act may well shape the future for mankind. When an armistice in Korea has been attained and the military phase is over, the task facing the United Nations is to find peaceful ways of settling the problem that caused the war as well as the multitude of new problems which the long course of the war has brought into being. This is no easy task. It will require much wisdom, much patience and much determination that right and justice prevail. Anger and vindictiveness have none but a destructive role to play in the future.

High on the priority list of things to be done immediately is the reconstruction of war-torn Korea and the rehabilitation of its people. The United Nations has long foreseen this and has matured plans to accomplish it.

Justice

Justice, in the broad sense, is the right dealing of men with one another. It is to do to others as you would have him to do to you. Without this there can be no Peace, no Progress. Throughout history intolerance of other men's actions or views and discrimination against individuals and groups, because they are "different" ever misfortune to mankind. Such "different" groups, have destroyed man's relations with his fellow men ever as a cancer destroys healthy tissue.

The United Nations has a positive way of striving for justice. It has resettled more than a million refugees to victims of injustice and given them a chance for new and productive lives. It has branded genocide the mass extermination of groups of people for any reason, a crime against humanity and made it punishable as such. Through the Universal Declaration of Human Rights, it has proclaimed the right of every man to life and to all the necessary means of fulfilling that life and it has brought about an extraordinarily rapid advance in the rights of women. Through the Trusteeship System, with the cooperation of the Administering Powers it promotes the welfare of twenty million people in the Trust Territories. Its concern for the welfare of all non-self-governing peoples constitutes a joint effort to apply justice to all.

When nations deal with one another, they make agreements or sign treaties which regulate their trade, the treatment of their nationals travelling in other lands, the safety of their ships and airplanes, and many other matters. Both governments and private citizens of many countries who have like interests, set up organizations through which they can promote those common interests, pool their knowledge and increase the effectiveness of whatever task they have undertaken. This vital and growing co-operative effort develops customs which are finally regulated by mutual agreement and accepted by peoples as the proper way to treat one another. This is the basis of international law which is adhered to by nations of good will because it is regarded as right and just, not because power says it must be so.

The United Nations seeks to modify these international agreements and to help develop them so that international law and justice can replace armed conflict as a means of settling disputes. It established the International Court of Justice to judge cases arising from disagreements between States and to give advisory opinions on matters of interest to the United Nations at the request of the General Assembly and the Security Council or at the request of any other organ of the United Nations or a Specialized Agency when so authorized by the General Assembly.

This search for justice for all men and all nations is a necessary part of the United Nations' work. Without it there can be no Peace and no Progress. There can be no firm basis for Progress.

Progress

We live among the first generation of men which has dared to believe that the resources of the earth can be shared by all for the benefit of all and that the miseries that afflict two-thirds of mankind are not inevitable.

The Economic and Social Council of the United Nations and its commissions, the United Nations International Children's Emergency Fund, the various specialized Agencies, the Technical Assistance Administration of the United Nations, working in close co-operation with many of these Agencies, have all been set up to fight disease, starvation, malnutrition, ignorance and the lack of opportunity for education, bad labour, living and social conditions, and a host of other disabilities that afflict the majority of mankind. These are literally the shock troops of the United Nations which are dispersed throughout the world working on problems down at the project level.

What does this mean? The answer is in benefits conferred. It is too long to give here in full but, among other things it means: new social security systems for the peoples of many countries, villages in Afghanistan rid of typhus fever, a disease of the Careful sheep in that country stopped and consequently many more and better skins for export, it means a child cured of a murderous tropical illness by one shot of penicillin, Greek villagers freed from malaria so that they can put new strength and new hope into their work and still have enough of each left over to work together on village improvements during their off-hours. It also means a hoe and a scythe in the hands of a farmer who has never before used either one, but which enable him to more than double his production; new and better weaving in Philippine cottages, the near doubling of the production of an iron foundry in Pakistan, fundamental education centres for the illiterate two-thirds of the world, which teach them to deal, more wisely with their environment, food and medicine and care for needy children and learning, how to stop the vast wastage of stored foods in all parts of the world.

It has other meanings also, such as new hydroelectric plants in Mexico, El Salvador, Chile and Brazil, generating power for mines, mills, factories, city lighting and telephones; or new international standards of work and safety for seamen, now operative on most ships, and uniform regulations for planes plying the trade routes of the world. It means improvement of the forest resources of Mexico a better fishing industry in Chile, a study of the social, economic and technical problems confronting the Government of El Salvador, improved food production, handicrafts, rural co-operative housing and education in that country, as well as erosion control and irrigation of parched lands throughout the world.

The benefits accrue to developed and to under-developed countries alike. Rising standards of living resulting from the opening up of new resources, improved health and consequent greater production will mean better labour standards and higher pay. The reduction of sweated labour and increased pay for workers in presently poor countries will protect the higher standards in the more favoured lands while it hastens the equalization of all.

The United Nations deals with man's problems on all fronts. It is organized to resist aggression, to stop fighting and solve problems peacefully. It seeks to establish just dealings among men as the only possible basis for peace. It strives to promote better standards of life in larger freedom.

The Neither Peace, Justice nor Progress can endure separately. They complement one another. They are parts of the whole which the United Nations is striving to accomplish.

SOME SUGGESTIONS FOR OBSERVING UNITED NATIONS DAY 1953.

1. Plan with the art department an exhibit of good posters executed by the children.
2. ~~Display all United Nations~~ Display all United Nations posters, materials, and publications in a conspicuous place in the school such as the main entrance of the building or the library.
3. Show United Nations films of filmstrips.
4. Organize a mock General Assembly or other United Nations organ in session where "delegates" would talk on the 1953 theme: Peace and Progress.
5. Exchange letters with children of a particular country or region. The class should decide what country they want.
6. Initiate some worthwhile projects, like the UNESCO Gift Coupon, gathering second-hand books or clothing for children in war-torn countries, or helping the United Nations International Children's Emergency Fund.
7. Display United Nations stamps and let children who are stamp collectors talk about them.
8. Make a leader in the class read the United Nations Day message.
9. Discuss the 1953 United Nations Day theme: Peace, Justice, and Progress, with every child in the class taking part.
10. Dramatize the 1953 United Nations Day theme — a play in the class-room or a pageant for the whole school.
11. Invite a resourceful person in the locality to give a talk about the United Nations.
12. Choose ten school children who would represent the ten United Nations specialized Agencies and let them give a few sentences on the work of each.

Subject:—Isonicotinic Acid Hydrazid and its derivatives—control on the sale and distribution of.

I am directed to refer to (the correspondence resting with the State Government's reply to) this Ministry's letter No. F. 6-80/52-MS, dated the 4th August, 1952, on the subject mentioned above and to say that it has been reported to the Government of India that dealers in Part B States are finding it difficult to procure Isonicotinic Acid Hydrazide because they do not possess any licence under the Drugs Act and Rules which is possible only after actual enforcement of the provisions of the Drugs Act and Rules in those States. I am to request that, with a view to enabling authorised dealers in such States to procure the drug, the following clause may be added in the notification issued by the State Government/Chief Commissioner under their respective Drugs (Control) Acts regulating the sale and distribution of Isonicotinic Acid Hydrazide in their areas:—

(1) to all except
H. Pradesh,
Bihar,
Madhya Pradesh.

"(iv) any person in a Part B State possessing a permit for sale of drugs from the State Authorities".

Imphal, the 29th October, 1953.

The following letter No. 130/53-Public dated 11. 9. 53 received from the Government of India, Ministry of Home Affairs, New Delhi is republished for general information

T Kipgen,
Secy. to the Govt. of Manipur.

Sub:—Changes in the names of villages, towns, etc. Procedure of

I am directed to say that of late several requests have been received from the State Governments for changing the names of villages etc. The question has been examined in detail by the Government of India and they consider that changes in the names of villages, towns, etc. should be discouraged as far as possible; that no change should be agreed to unless there were compelling reasons to justify it; and that all proposals should be referred to the Government of India in the Ministry of Home Affairs before any change is made.

2. It is essential that there should be a uniform procedure in the matter of changing the names of places and that the State Governments should keep in view the following broad principles when making proposals for changes in the names of villages, towns, etc. to the Govt. of India:—

- i. Unless there is some very special reason, it is not desirable to change a name which people has got used to.
- ii. Names of villages etc. having a historical connection should not be changed as far as possible.
- iii. A change should not be made merely on grounds of local patriotism or for linguistic reasons, e.g. villages etc. should not be renamed after national leaders merely to show respect to them or for satisfying local sentiment in the matter of language, etc.
- iv. In selecting new names, care should be taken to see that there is no village or town etc. of the same name in the State and neighbourhood which might lead to confusion.
- v. While recommending any change, the State Govts. should furnish detailed reasons for proposing a change in the name and also for selecting the new name.

3. Notwithstanding what has been stated in para. 2 above it may be eminently desirable that where an ancient place has fallen into decay and with that the old place name has also disappeared, the ancient name should be restored. To cite an instance, a village now called "Gandhawal" in the old Dewas State near Ujjain has been built on the ruins of an ancient town populous and flourishing in the times of Vikramaditya, and is mentioned in the ancient scriptures and other books as "Gandharvapuri". The present name "Gandhawal" is obviously a corruption of Gandharvapuri. The Government of Madhya Pradesh in whose territory the village is now situated, may consider the propriety of restoring the ancient name.

4. The proposals of the Government of Madras/Madhya Pradesh/Bombay, vide their letter No. 20954-A/5-1,

511-578 XXVII,

D. O 1053/3912-B

dated the 7th November, 1952.

dated the 22nd November, 1952.

dated the 3rd July, 1953.

regarding changes in the names of certain villages, etc., in that State, have been considered by the Govt. of India in the light of the principles set out above and I am directed to reply as follows—

*(1) Madras:—As the changes proposed are in respect of taluks etc. which for Madras only. will fall in the new Andhra State, the recommendations should come from the Andhra State Government.

“(2) Madhya Pradesh :—The inscription at Gunji contains the words ‘Bhagavato for Madhya Pradesh only Usubhatithi’. “Usubhatithi” cannot have a Sanskrit equivalent as “Rishabha Tirtha” “Rishi” will be “Isi” while in the inscription it is “Usubha”. “Rishabha-Tirtha” as an equivalent for “Usubhatithi” is therefore not clear.

(3) Bombay :—

for Bombay only	Village.	Opinion of the Government of India.
Present name.	Proposed name.	
i. Khirade Pargane Yawal.	Dhanaji Nagar.	No ; as it goes against principle No (iii)
ii. Budthal.	Ambepura.	Reasons for the proposed name should be furnished to the Govt. of India and also whether there is any other village of this name.
iii. Shingan- wadi (Hamlet and Jal gowadi village).	Ramanand District.	No ; as it goes against principle No. (ii).
iv. Peint Mahal and chandor.	Peth and Chandwad.	No ; as this would lead to similar requests from all over India and goes against principle No. (iii).
v. Bondewadi.	Yadawadi.	Reasons for selecting the new name should be first furnished to the Govt of India.
vi. Bakrol.	Mahadevgram.	The proposed change is not desirable, but since the change has already been effected, the Govt. of India do not wish to raise any objection.
vii. Chorvadodra.	Virnagar.	Reasons for selecting the new name should be furnished to the Govt of India.
viii. Dhulia— Group I. Mahal Nurnagar. Mahal Mali (Deserted) Mahal Kali (Deserted) (only Northern part).	Shubashnagar	No ; goes against principle No (iii).
Group II. Mahal Kanadam Mahal Padhari Mahal Kasal (Deserted) Mahal Loha (Deserted) Mahal Rayat Southern part of Mahal Kali (Deserted)	“Ner”

Assistant Secretary (Dev.) to the Govt of Manipur.

Subject:—Isonicotinic Acid Hydrazid and its derivatives—control on the sale and distribution of.

I am directed to refer to (the correspondence resting with the State Government's reply to) this Ministry's letter No F. 6-30/52-M.S., dated the 4th August, 1952, on the subject mentioned above and to say that it has been reported to the Government of India that dealers in Part B States are finding it difficult to procure Isonicotinic Acid Hydrazide because they do not possess any licence under the Drugs Act and Rules which is possible only after actual enforcement of the provisions of the Drugs Act and Rules in those States. I am to request that, with a view to enabling authorised dealers in such States to procure the drug, the following clause may be added in the notification issued by the State Government/Chief Commissioner under their respective Drugs (Control) Acts regulating the sale and distribution of Isonicotinic Acid Hydrazide in their areas:—

"(iv) any person in a Part B State possessing a permit for sale...

Imphal, the 29th October, 1953.

The following letter No. 130/53-Public dated 11. 9. 53 received from the Government of India, Ministry of Home Affairs, New Delhi is republished for general information.

T. Kipgen,
Secy. to the Govt. of Manipur.

Sub :—Changes in the names of villages, towns, etc. Procedure of

1 am directed to say that of late several requests have been received from the State Governments for changing the names of villages etc. The question has been examined in detail by the Government of India and they consider that changes in the names of villages, towns, etc. should be discouraged as far as possible; that no change should be agreed to unless there were compelling reasons to justify it; and that all proposals should be referred to the Government of India in the Ministry of Home Affairs before any change is made.

2. It is essential that there should be a uniform procedure in the matter of changing the names of places and that the State Governments should keep in view the following broad principles when making proposals for changes in the names of villages, towns, etc. to the Govt. of India :—

- i. Unless there is some very special reason, it is not desirable to change a name which people has got used to.
- ii. Names of villages etc. having a historical connection should not be changed as far as possible.
- iii. A change should not be made merely on grounds of local patriotism or for linguistic reasons, e. g. villages etc. should not be renamed after national leaders merely to show respect to them or for satisfying local sentiment in the matter of language, etc.
- iv. In selecting new names, care should be taken to see that there is no village or town etc. of the same name in the State and neighbourhood which might lead to confusion.
- v. While recommending any change, the State Govts. should furnish detailed reasons for proposing a change in the name and also for selecting the new name.

3. Notwithstanding what has been stated in para. 2 above it may be eminently desirable that where an ancient place has fallen into decay and with that the old place name has also disappeared, the ancient name should be restored. To cite an instance, a village now called "Gandhawal" in the old Dewas State near Ujjain has been built on the ruins of an ancient town populous and flourishing in the times of Vikramaditya, and is mentioned in the ancient scriptures and other books as "Gandharvapura". The present name "Gandhawal" is obviously a corruption of Gandharvapura. The Government of Madhya Pradesh in whose territory the village is now situated, may consider the propriety of restoring the ancient name.

4. The proposals of the Government of Madras/Madhya Pradesh/Bombay, vide their letter No. 20954-A/5-1,

511-578 XXVII,

D. O. 1058/3912-B

dated the 7th November, 1952.

dated the 22nd November, 1952.

dated the 8rd July, 1953.

regarding changes in the names of certain villages, etc., in that State, have been considered by the Govt. of India in the light of the principles set out above and I am directed to reply as follows—

(1) Madras :—As the changes proposed are in respect of taluka etc. which for Madras only will fall in the new Andhra State, the recommendations should

* (2) Madhya Pradesh :—The inscription at Gunji contains the words 'Bhagavato for Madhya Pradesh only. Usubhatithi'. "Usubhatithi" cannot have a Sanskrit equivalent as "Rishabha Tirtha" "Rishi" will be "Isi" while in the inscription it is "Usubha". "Rishabha-Tirtha" as an equivalent for "Ushubhatithi" is therefore not clear.

(3) Bombay :—

i. Khirade Pargane Yawal.		Dhanaji Nagar.	No ; as it goes against principle No. (iii)
ii. Budthal.		Ambepura.	Reasons for the proposed name should be furnished to the Govt. of India and also whether there is any other village of this name.
iii. Shingan-wadi (Hamlet and Jal gewadi village).		Ramanand District.	No ; as it goes against principle No. (iii).
iv. Peint Mahal and chandor.		Peth and Chandwad.	No ; as this would lead to similar requests from all over India and goes against principle No. (iii).
v. Bondewadi.	Yadawadi.		Reasons for selecting the new name should be first furnished to the Govt. of India.
vi. Bakrol.	Mahadevgram.		The proposed change is not desirable, but since the change has already been effected, the Govt. of India do not wish to raise any objection.
vii. Chorvadodra.	Virnagar.		Reasons for selecting the new name should be furnished to the Govt. of India.

Proceedings of a meeting of the State Transport Authority, Manipur held on 9-11-53 @ 11 A. M. at the office of the Superintendent of Police, Manipur with Shri M. N. Phukan, Deputy Commissioner, Manipur in the chair.

The following members are present:—

1. Shri M. N. Phukan, D. C. Manipur.
2. " S. C. Palit, Supdt of Police, Manipur.
3. " S. Somorendra Singh.
4. " Y. Tomba Singh, P. E. O., Manipur.

Dr. Kumpu, Adviser i/c Transport was also pleased to attend the meeting.

Shri Kh. Budhachandra Singh, Manager, M. S. T. and Shri H. Tomba Singh, Chairman, Manipur Public Transport Union were allowed by the Chairman to attend the meeting to represent their difficulties.

The following resolutions were adopted in the meeting:—

1. The applications submitted by Manipur Public Transport Union were considered. It is found that out of 48 cases referred by them, 35 cases were already favourably considered and allowed to have permits. Of the remaining 13 cases, 3 were for Private Carrier permits. They might get the Private Carrier permits as soon as the taxes are paid. As for the remaining 10 (vehicles Nos. 862, 265, 792, 555, 287, 205, 1299, 363, 391 and 1028) the meeting considers that they are not entitled to get permits for Public Carriers as they did not apply in time and did not put the vehicles on the road for a considerably long period.

2. It is resolved that the Public Carrier vehicles which want to carry passengers shall have to insure covering passenger's risk failing which they will not be allowed to carry passengers. This will come into force with effect from 1-1-54.

3. It is resolved that the rates of fare furnished by the Manager, M. S. T. as noted below are considered to be fair and reasonable. These rates are accepted

as the minimum rates. The Govt. of Manipur is being moved to approve these rates and to publish this in the local gazette:—

(3) Imphal-Pukhao-Sagolmang.

4. It is not desirable nor permissible to allow the Public Carrier vehicles to carry passengers even if they cover 'passangers' risk but in view of the economic and social condition this irregularity shall have to be ignored for the present. It is now resolved that if the Public Carrier owners do not replace their Public Carrier vehicles by Stage Carriages within a period of one year from 1-1-54 their permits for carrying passengers in Public Carriers may not be allowed with effect from 1-1-55. They shall have to pay taxes just at the rate which a Stage Carriage owner is paying with effect from 1-1-54. As a matter of principle no more Public Carrier permit will be allowed without any special reason, but if any member of the public places a Stage Carriage, he will be issued a permit straightway.

5. A question was raised if the State Carriages should be allowed to ply in a specified area only. The matter was discussed and it was decided not to put the restrictions on routes just at present.

6. It is resolved that pay-load should be allowed according to the declaration of the manufacturer or assembler (i.e. 3 a Tonner Truck which was previously allowed to carry 62 mds. should be allowed to carry 84 mds. as is done elsewhere).

- (ii) that a certificate from the Medical Officer at the out-patients department of a State or State-aided hospital and/or the Government and/or recognised T. B. specialist is submitted to the effect that the patient had reasonable chances of recovery if treated otherwise than as an in-patient in a recognised T. B. institution ; and

OFFICE MEMORANDUM.

Subject:—Placing of indents on the Directorate General of Supplies and Disposals and its regional organisations during the closing months of a financial year with a view to avoid lapsing of sanctioned budgets.

It has been brought to the notice of this Ministry that towards the end of each financial year a large number of indents are placed on the Directorate General of Supplies and Disposals and its regional organisations by indenting authorities with a view to utilising unspent funds sanctioned for the year which would otherwise lapse. In all these indents stipulation is made to the effect that delivery must be completed within the financial year. Whilst every endeavour is made to cope with these indents, it would be appreciated that this is dependent on a number of factors, such as, nature of the store, availability from ready stocks, existence of a rate contract, method of inspection required, possibility of despatch within the due date and submission of bills sufficiently in advance to ensure adequate time for scrutiny and payment within the financial year.

As a result, the Directorate General of Supplies and Disposals do not find it possible in a number of cases to ensure that purchase is completed in such a manner that despatches and payment are made within the financial year.

In view of this it is considered that a time limit should be fixed for receipt of such indents which stipulate payment within the financial year. Accordingly it is requested that indents of this nature should be placed on the Directorate General of Supplies and Disposals and its regional organisations upto the 1st February of

the year, as there is little likelihood of supplies materialising and payment being made within the financial year if indents are received after that date. Even in such cases it may not be possible for the Directorate General of Supplies and Disposals to guarantee in all cases that supplies will be completed and payment made within the financial year but the Directorate General of Supplies and Disposals will make all endeavours to do so.

4. The indentors, in their own interest should, therefore, ensure that all indent of this nature in which it is proposed to utilise funds which would otherwise lapse for payment during the financial year, are sent so as to reach Directorate General of Supplies and Disposals and its regional organisations **on or before the 1st February of the year.**

5. It may be noted that this time limit is applicable for stores available for ready delivery from stocks, of a proprietary nature or against which rate contract exist. For stores other than those available ex stock and against which no rate contract exists, indents should be preferred on Directorate General of Supplies and Disposals in accordance with the usual programme and procedure.

G. H. Singh,
for Chief Electoral Officer, Manipur.

ELECTION COMMISSION, INDIA, NEW DELHI, the 5th November, 1953.

(PRESS NOTE)

(1) Under the amended sub-rule (2) of rule 20 of the Representation of the People (Preparation of Electoral Rolls) Rules, 1950, an application for the inclusion of a name in the electoral roll of a constituency should be made to the Electoral Registration Officer of the constituency. If, however, the application is made **after** the issue of the notification calling upon the constituency to elect a member or members and **before** the completion of that election, it should be made to the Chief Electoral Officer of the State; but a copy should simultaneously be sent to the Electoral Registration Officer of the constituency in order that the application might be examined without delay. The fact that a copy has been sent to the Electoral Registration Officer should be noted on the application sent to the Chief Electoral Officer.

(2) The application should give full particulars regarding address, place of ordinary residence, age, father/husband's name, qualifications for registration as an elector in the constituency, etc. The application should clearly state the name of the Assembly constituency, and the corresponding Parliamentary constituency, in which enrolment is sought.

(3) The application should contain a declaration by the applicant stating whether or not his name has already been included in electoral roll of **any** Assembly or Parliamentary constituency in **any** State. If it has been so included, the particulars of the relevant entry in that electoral roll should be given.

(4) The application should also contain a declaration that to the best of his knowledge and belief the applicant is not disqualified under any law, either for registration as an elector or for voting at an election.

(5) A single application will suffice for enrolment in an Assembly constituency and in the corresponding Parliamentary constituency.

(6) The following fee is payable on application under clause (e) of the rule 20(2) :—

(i) Re. 1/- in the case of an application to an Electoral Registration Officer, and

(ii) Rs. 10/- in the case of an application to a Chief Electoral Officer.

The fee should be paid by affixing one or more non judicial stamps to the application.

(7) Every application received in accordance with the above instructions should be promptly attended to by the Electoral Registration Officer and examined with reference to the electoral roll then in force. The qualifying period and the qualifying date for purposes of the application would be the period and the date applicable to the current electoral roll.

(8) The Electoral Registration Officer should immediately put up on the notice-board of his office a notice inviting objections, if any, to the inclusion of the applicant's name, within a period of 7 days from the date of the notice. Simultaneously, the Electoral Registration Officer should make necessary inquiry in order to ascertain

whether the applicant is entitled to enrolment in the constituency. The inquiry should be of a summary character. If any objection is filed in the notice period, it should be duly considered at the inquiry.

(9) In view of rule 18, the Electoral Registration Officer should ascertain whether any decision has been given by the competent Revising Authority in respect of the inclusion of the applicant's name in the electoral roll, and if so, that decision should be duly considered at the inquiry. If the application is made to the Chief Electoral Officer, a copy of that decision should be sent to him, along with the report.

(10) At the conclusion of the inquiry, the Electoral Registration Officer should pass appropriate order on the application if it is addressed to him. In other cases, he should submit his report to the Chief Electoral Officer. Normally, it should not take more than 10 days from the receipt of the application (or its copy), for the Electoral Registration Officer, to complete the inquiry.

(11) If the application is admitted by the Electoral Registration Officer, he should assign a serial number to the applicant in the electoral roll, which should be the number next in order to the last number on the roll of the area with reference to which the roll has been prepared. In cases in which enrolment is ordered by the Chief Electoral Officer, he should assign his own serial number starting from "C. E. O. 1" for each calendar year, e. g., "C. E. O. 1 of 1953" and so on.

(12) If the applicant is already registered in the electoral roll of any other constituency in the same State, the Chief Electoral Officer, or as the case may be, the Electoral Registration Officer, should inform the Electoral Registration Officer of that constituency, of the order passed by him directing the applicant's name to be included in the electoral roll. On receipt of such information, action should be taken to strike off the applicant's name from the electoral roll in which it was included earlier.

(13) Where an application for inclusion of name is rejected by the Electoral Registration Officer or the Chief Electoral Officer he should briefly record his reasons in an order. An appeal lies to the Election commission within 15 days from the date of such rejection. Non-Judicial stamps of the value of Rs. 10/- should be affixed to the memorandum of appeal.

(14) Applications reaching the Commission on or after the 2nd November, 1953 will be sent to the electoral Registration Officer or Chief Electoral Officer concerned for disposal. The fee of Rs. 50/., if deposited, will be refunded to the applicant on receipt of an application addressed to the Secretary to the Election Commission, India, New Delhi. Applications made before the 2nd November, 1953, and pending disposal in the office of the Commission will also be forwarded for disposal to the officer now empowered to pass orders thereon, but the fee already deposited will not be refunded in view of the provisions under which the deposit was made.

Shillong, the 19th December 1953.

Subject:—Filling up of the memorandum of allotment of appropriation provided for in the forms of contingent and other bills.

No. TM.2/24/51/27.—It has been noticed in course of audit that in many cases the memo of allotment and appropriation prescribed in the contingent and other bills forms are not properly filled up. In several cases it was noted in the bills that either the allotment was not known or the amount of sanctioned allotment would follow.

In this connection, attention of all drawing officers is invited to Article, 114 (3) and 204 (3) of the Constitution of India which lay down that no money shall be withdrawn from the Consolidated Fund of India or of a State, as the case may be, except under appropriation made by law. The incurring of expenditure without knowing the allotment or in anticipation of allotment is, therefore, not only inconsistent with the provisions of the Constitution but also irregular.

It is, therefore, again impressed upon all the drawing officers that no bills should be presented to the treasury without first filling in the memo of allotment and appropriation provided for in the relevant bill forms. Under no circumstances, expenditure in excess of the allotment should be incurred.

Dated Shillong, the 19th December, 1953.

No. T.M.2/4/53/28.—Consequent upon the nationalisation of the Scheduled Air Transport Operating Companies, it has been decided by the Government of India that in cases where payment to the Indian Airlines Corporation is required, to be made by cheques, they should not be marked as 'Account Payee only' the Cheques should invariably be endorsed as 'Order cheques' only.

By order.

G. H. Singh,

Asstt. Secy. (Home) to the Govt. of Manipur.

Subject :—Grant of advances for the purpose of medical attendance and treatment of Central Government Servants.

According to the existing practice, Central Government servants are required initially to pay from their own resources the hospital bills etc., in connection with their medical attendance and treatment, and to claim reimbursement from Government, of the expenditure incurred by them, to the extent it is admissible under the Central Services (Medical Attendance) Rules, subsequently. In this connection, it has been brought to the notice of the Government of India that this practice entails considerable hardship in certain cases of low-paid employees who find it difficult to make initial payment of hospital bills etc., from their private resources. With a view to providing relief in such cases, it has been decided that heads of offices concerned may grant advances to Central Government servants to enable them initially to meet expenditure on their medical attendance and treatment on the terms and conditions mentioned below :—

- (i) The advance would be admissible only in cases where a Government servant or a member of his family is being treated as an in-patient in a hospital under the provisions of the Central Services (Medical Attendance) Rules.
- (ii) The application for an advance should be supported by a certificate from the medical officer-in-charge that the patient is being treated as an in-patient in the hospital. Such a certificate should also indicate the probable duration of stay of the patient in the hospital, and anticipated cost of treatment which would otherwise be reimbursable Rules; and be also countersigned by the authorised medical attendant.
- (iii) The advance should not, in any circumstances, be allowed in a case where treatment is being obtained at the residence of the Government servant or at the consulting room of the authorised medical attendant or as an out-patient at a hospital.
- (iv) The amount of the advance will in each case be limited to two months' pay of the Government servant concerned or Rs. 200/-, or such other amount as the medical officer-in-charge of the hospital may recommend, whichever is less.
- (v) Not more than one advance should be granted in respect of the same illness or injury.
- (vi) The amount of the advance should be adjusted against the subsequent claim for reimbursement of the expenditure admissible under the Central Services (Medical Attendance) Rules, and the balance, if any, recovered from the pay of the Government servant concerned in two equal monthly instalments after the discharge of the patient from the hospital.
- (vii) An advance under these orders will be admissible only to those Government servants whose pay does not exceed Rs. 500/- p. m. The term 'pay' for this purpose shall be defined as in Fundamental Rule 9(21).

(viii) In the case of temporary Government servants, the grant of an advance under those orders would be subject to the production of surety from a permanent Central Government servant.

2. These advances should be treated as final charges under the service head concerned and the primary responsibility for watching the recoveries will be of the sanctioning authorities. The Controlling Officers should adjust such advances by submission of regular bills for amounts reimbursable by Government, as far as possible, before the close of the financial year.

3. Authorities competent to sanction advances under these orders may sanction such advances for themselves also, if otherwise admissible.

4. These orders are subject to review after a year of their working.

5. In so far as persons serving in the Indian Audit and Accounts Departments are concerned, these orders have been issued after consultation with the Comptroller and Auditor General.
